Sign-in: 2 factor authentication, one-time password assigned by libraries using patron's library ID. One-time passwords expire after 2 weeks.

Home Page: For new users (sign-in using one-time passwords), home app links are pre-filled. Community coordinators update free home and community links in database. Users can select from links in home app database and customize their home page with the selected links. Space is available for up to 10 links.

Pre-filled links can include:

Inventory: Inventory list by type or room.

Energy Use: Track energy usage, see trends.

Transportation: Track energy use for transportation used in your community.

Budget: Budgeting tool. Set goals and track trends.

Eco-friendly: links to personal air quality apps, eco-friendly shopping, healthy foods and recipes, and/or other eco-apps.

Also included:

TESS Apps & Games: links to community, state, national, and global apps; game apps for children and adults
